ELEMENT is a 100% sustainable collection.

This collection has been created to reduce the environmental impact.

It is composed of ecological materials:

- The packaging is made of Stone Paper, a material that helps prevent the felling of trees and thus reduce the emission of CO2 into the atmosphere.
- Some accessories such as the toothbrush, the razor, the comb and the ear buds are made of PSM material, a plant-based material made up of corn and potato starch.

ELEMENT collection has been carefully created and manufactured according to the regulations and values that guide us today.
